## *Jacob Alexander Meijer, 21*

*Our beautiful boy Jacob was granted his angel wings on November 8, 2020.*

*Jacob was an osteosarcoma cancer survivor, which resulted in recent unexplained sporadic seizures. Jacob succumbed to a seizure the night of his passing.*

*Jacob's final days were spent with excitement over the approaching holiday season. Jacob loved Christmas. It meant so much to him to get together with family, playing games, watching sports and eating all of his favorite holiday foods. It is fitting that we should say our goodbyes now and that he will be with us for the entire holiday. We will continue to honor him with an elaborate holiday for years to come, knowing that he would want that, and that he is with us.*

*Jacob brought absolute joy and a clever personality to those around him. He was adored by his family and friends, and was known for his sense of humor and gentle compassionate heart.*

*He will be terribly missed and overwhelmingly celebrated simultaneously.*

*Jacob is a courageous hero, he suffered great pain and worked so hard to heal. He was also known for his strength, having conquered his disease at such a young age.*

*He is reaping all that our glorious God has to offer now, well beyond our human imagination.*

*Think of Jacob being at peace, and being overwhelmed with the perfection of our Creator, who longed to hold him and take him home at such an early age. Jacob belongs to God, he always did. God blessed us with the privilege of his special light, and there will never be anyone quite like him. His beautiful short life on Earth is completed and has transcended into Heaven for all eternity.*
